## HAS DIE BEEN CAST?

Some Say it is Roosevelt and Others Say it is Not.

IS STILL AN OPEN QUESTION.

The Wise Ones are at Sea as to Vice Presidential Nominee.

HANNA AND PLATT IN CONFERENCE

One of the Latest Reports is That the National Chairman and the Senator From New York Have Decided That the Rough Rider Will Not Be Named.

Philadelphia, June 19.—It is generally believed that Mr. Platt and Mr. Hanna have arranged a program and that Roosevelt will not be nominated.

Philadelphia, June 19.—The vice presidential issue appeared to be as much involved as it had ever been. Notwithstanding the declaration of Governor Roosevelt and the confident predictions of Senator Hanna's friends during the night that the Roosevelt stampede had been met and turned, the leaders woke up on the opening day of the convention in a half dazed condition over the uncertainty and conflict still existing. The local papers gave prominence to the idea that the Roosevelt statement was lacking in that definiteness and force of expression of which the governor is a master when he desires to be exact.

This, added to the doubt of mind among delegates and the crowd in general, tended to give the Roosevelt movement another infusion of energy. even the governor himself was variously quoted, some of the expressions amounting to a declaration that his statement must not be taken as a declaration, and that he would stand if drafted.

One of the reported interviews, said to have occurred at 11 p. m., long after the governor's statement and after the New York and Pennsylvania caucuses, was as follows:

"Governor, the story is current that you have said your statement eliminates you from the race for vice presidency?"

Governor Roosevelt is said to have replied with exceeding warmth: "I have said nothing of the kind."

This answer is variously construed, but at all events it adds to the uncertainty in the minds of those who are about to frame the ticket.

Still another statement, purporting to give the exact words of Governor Roosevelt to Joseph H. Manley, of Maine is as follows:

"I will tell you that this is final. Absolutely nothing can induce me to accept the nomination. You can consider this as my final word. I will not permit the convention to be stamped for me."

In another reported interview Governor Roosevelt is said to have declared, after his formal statement, that he would not consider a movement coming from New York or Philadelphia or from the states near New York, but would bow to the will of the west and south.

So far as Mr. Hanna and Mr. Platt are concerned, it is understood that the Ohio man takes the position that Governor Roosevelt's statement must be accepted in good faith as meaning that he is out of the race, while Mr. Platt, without going into details, maintains simply that Roosevelt will be the nominee of the convention.

Secretary Long's vice presidential movement has received some impetus and the Massachusetts delegation is regaining its courage. It appears that in a conference over a long distance telephone, Secretary Long made it perfectly plain that he does not want his name to be unduly urged if the tide is toward Roosevelt.

The Dilliver people are delighted at the demonstration evoked by the young Iowan during the parade, as the Illinois banners, bearing the name "Dilliver" brought out generous response.

Senator Hanna came to the convention hall, directly from his conference with Senator Platt. He said that Senator Platt did not want anything until after the meeting of the New York delegation. Senator Hanna said he was informed Roosevelt was willing to make his declaration of Monday still stronger if necessary.

Roosevelt sent for Henry C. Payne and Senator Lodge just before he left for the convention hall, but could not

find them. Chairman O'Connell of the New York state committee sent word to the room: "Don't make any statement or talk for publication until you see me. I have something to tell you of importance that will please you."

**New National Committee.**  
The state delegations selected members of the new national committee as follows: California, W. C. Van Fleet; Colorado, E. O. Wolcott; Connecticut, Charles F. Brooker; Florida, John G. Long; Idaho, George L. Shoup; Iowa, Ernest E. Hart; Kansas, David W. Mulvane; Kentucky, John W. Yerkes; Louisiana, A. T. Wimberley; Maine, Joseph H. Manley; Massachusetts, G. L. V. Meyer; Missouri, Richard C. Kerens; Montana, William H. Dewitt; New Jersey, Franklin Murphy; New

York, Frederick S. Gibbs; Ohio, George B. Cox; Oregon, George A. Steel; Pennsylvania, M. S. Quay; South Dakota, J. M. Green; Tennessee, Walter P. Brownlow; Virginia, George E. Bowden; Washington, George N. Baker; West Virginia, N. B. Scott; Wisconsin, Henry C. Payne; Wyoming, Willis Van Devanter; Arizona, W. M. Griffith; Indian Territory, William M. Millette; New Mexico, Solomon Luna; Oklahoma, William Grimes; Indiana, Harry C. New; Rhode Island, Charles B. Brazton.

### OHIO'S PART

In the Big Parade and Demonstrations at Philadelphia.

Philadelphia, June 19.—More than five miles of clubs, mounted, on foot, by coach, floats and in carriages, interspersed with music, red fire and a cake walk, is the shortest way of describing the turnout of the visiting and local political clubs in this city.

The police had prepared for the demonstration by closing Broad street. It was a wise forethought, for before dusk Philadelphia's appropriately named thoroughfare was a mass of humanity which tugged at times like an ocean liner. The entire line of march was a crush, but that section of the street between the city hall and the Hotel Walton was conspicuously animated. It was in this section that there was the greatest and most artistic arrangement and display of electric light. The south facade of the city hall was outlined by strings of incandescent bulbs which looked like illuminated beads. Ropes of similar lights extended from either side of the building to the summit of the lofty dome, terminating at the base of the Penn statue.

The parade was divided into eight divisions, in which there were more than 80 local clubs and about 20 visiting political organizations. The out-of-town clubs were scattered through the eight sections and were escorted by the club which was assigned to entertain the visiting clubmen.

While the crowds were congregating along Broad street to view the parade the "neighbors of the president" arrived from Canton, O. There were 160 in the party, not including the big band. They were met by a local reception committee and escorted through the gathering crowds to the national headquarters, where they serenaded Senator Hanna and other political leaders gathered there. The appearance of the Cantontes provoked much enthusiasm and they were greeted all along the line by continuous cheering.

Governor George K. Nash was made chairman of the Ohio delegation.

### The Decorations.

Philadelphia, June 19.—The decorations of the convention hall were profuse and elaborate. The double row of pillars which upheld the roof were entwined with cedar and gracefully connected with bunting caught up at every pillar with the state shields. The south end of the hall was obliterated with flags and bunting, through the maze of which a large crayon portrait of the president looked out from an immense American ensign. It was the most striking feature of the decorations. The scheme of decorating the hall naturally carried the eye to the likeness of the party's chieftain.

On the raised platform immediately below this portrait were the seats for the national committee and other dignitaries, and distinguished guests of the convention. The front of the platform was massed with palms and greens and at each end were two immense vases filled with spreading bunches of American beauty roses. On the chairman's desk was a small bunch of flowers.

Down five uncarpeted steps in a rail enclosed platform, which ran back until it flanked the main platform were the seats for the 500 working newspaper men and down five more steps was the pit for the delegates, their seats running back, rank on rank, the state standards marking the location of the delegations. Back of the delegates' seats were those for the alternates, the whole pit being sunk five feet below the main floor and surmounted by a green railing.

## A DESTRUCTIVE FIRE.

Business Portion of Bloomington Wiped Out by the Flames.

COURTHOUSE IS AMONG THE RUINS.

Total Loss to the Buildings and Stock Estimated at Over a Million Explosion of Dynamite Causes Death.

Bloomington, Ill., June 19.—Fire broke out in a laundry on Monroe street and resulted in a conflagration which wiped out half of the business portion of Bloomington, including the finest business buildings and heaviest stocks of merchandise.

Dynamite was used in demolishing buildings to arrest the progress of the flames, and the shock of an explosion caused the death of Robert L. Schmitt, aged 19, who was a sufferer from heart trouble.

Two sides of the court house square are in ruins. Five blocks of buildings in the immediate vicinity of the court house square were destroyed. The court house is a ruin. Its walls are still standing, but the building was gutted from basement to dome. The court records were saved.

The total loss is variously estimated at from \$1,500,000 to \$2,000,000. No lives were lost or any serious injuries reported. At one time it was reported that several firemen had been killed, but this proved untrue.

The cause of the fire is unknown. The flames were seen breaking through the windows of the Monroe Laundry, one block northeast from the court house, and before the fire department had reached the scene, the fire had spread to the four story brick building of the B. S. Green company, adjoining. Owing to the fact that the water supply was deficient, the flames spread rapidly and within an hour the entire block in which it started was destroyed.

### JUDGE TULEY

Decide In Favor of the Chicago Board of Trade.

Chicago, June 19.—Judge Tuley decided the suit between the Christie Street Commission company of Kansas City, and the Chicago board of trade, in favor of the board of trade and has issued an injunction restraining the Kansas City concern from receiving board of trade quotations. Judge Tuley, in his decision, calls the Kansas City company a "bucket shop concern."

### THE MORTAL CAREER.

Of the Wife of Senator Beveridge Ended.

Indianapolis, June 19.—Mrs. Beveridge, wife of United States Senator Albert J. Beveridge of Indiana died in a sanitarium at Dansville, N. Y., of heart failure. She has been ill several months.

### Ate Toadstools.

Macon, Ga., June 19.—Senator A. O. Bacon is recovering from a severe illness caused by eating toadstools which he mistook for mushrooms. The senator thought he was an expert in making the distinction, and as soon as he returned from Washington a few days ago he went into his fields and gathered a quantity of the supposed delicacy. Since eating the toadstools he has had two physicians attending him regularly.

### Yellow Jack in Cuba.

Havana, June 19.—Major Frank H. Edmunds of General Lee's staff is dead of yellow fever. Mrs. Edmunds is reported to be much better. The town of Quedomas has been quarantined against the barracks and no soldier is allowed to enter. The doctors are satisfied with the situation in Havana, where only a few cases have developed.

### Mississippi Populists.

Jackson, Miss., June 19.—Chairman Pruitt has called a Populist state convention to meet in Jackson, Aug. 15, to nominate a Populist electoral ticket. He announces a complete separation from the Butler-Weaver-Allen fusion party, and states that those for whom he speaks are strictly in the middle of the road.

### Successful Ohio Boys.

West Point, N. Y., June 19.—Among candidates who have successfully passed their examinations and been admitted to the military academy as cadets, are the following from Ohio: Charles F. Connel, Charles S. Donavin, Chaney L. Fenton, Edmund L. Gruber and Clement H. Wright.

### Strike Ended.

Denver, June 19.—The carpenters' strike ended, the contractors having agreed to the union's demand for wages of 41 cents an hour and a half holiday on Saturday throughout the year.

### About the Platform.

Philadelphia, June 19.—The probabilities now are that Senator Fairbanks of Indiana, will be the chairman of the committee on platform. It was at first intended that this honor should be conferred upon Senator Foraker, but the latest decision, so far as the party leaders can decide the question in advance of the meeting of the committee, is to transfer it to another state. After Senator Allison's nominating speech, Senator Foraker will make the principal address in nominating President McKinley. He has done a great deal of preparatory work in putting the platform in shape and is continuing to assist in that line. The instrument received several additions and was changed in some details, but it follows very closely the lines already indicated.

A careful effort is being made to find a way to not entirely cut off the hopes of the bimetalists, but there will be a positive declaration against silver coinage under present conditions. The resolution will probably take the shape of condemnation of bimetalism "except by international agreement." The extreme gold men are demanding that even this implied concession shall not be made.

A more delicate problem is what to do with the present Chinese situation. The embroglio in the Celestial empire is so new, and so unprecedented a predicament for the United States that it is conceded that any expression on the subject will call for the shrewdest finesse. Many favor leaving it alone.

### QUIET AT ST. LOUIS.

Streetcar Company Will Try to Ferret Out Dynamite Users.

St. Louis, June 19.—Strike matters were very quiet. For the past few days the only excitement has been after dark from dynamite cartridges placed on the car tracks. As a result of the numerous explosions on its lines, the St. Louis Traction company has employed detectives to ferret out the miscreants, and a number of important arrests are expected to be made in the next few days.

Coroner Lloyd resumed taking testimony in the inquiry as to the death of three strikers who were killed in front of the posse barracks on Sunday, June 10.

### Will Assist Strikers.

Chicago, June 19.—New life has been injected in the strike and lockout in Chicago by the action of the National Building Trades Council to which the local body is subordinate. The national body indicates that labor is more than ever determined to triumph by taking official notice of strikes and lockouts in 10 different cities, where the membership of its affiliated unions is involved. The national officers are now endeavoring to give the unions assistance by an organized effort to prevent artisans who might be seeking new fields in which to find employment from going to the cities.

### Cuban Investigation.

Washington, June 19.—Captain W. A. Smith, one of the postal inspectors who recently returned from Cuba, reported at the postoffice department. He said that the reorganization of the Cuban postal service was well advanced when he left Havana, although it would be impossible to say what the losses will amount to until every office in the island has been investigated and the sales of stamps to postmasters checked. This work will consume several weeks.

### Wanted For Murder.

Springfield, Ill., June 19.—Deputy United States Marshals Lee of Indian Territory and Williams of Illinois arrived here from Danville, Ills., with Adam Reiguer, who is wanted at Colgate, I. T., for murder. Judge Allen in the United States court ordered him removed to Paris, Tex., for trial. He was one of a number implicated, and the only one who escaped.

### Want Their Money Back.

Chicago, June 19.—The United States government was made defendant in a suit begun here by the Anglo Provision company for the return of \$2,000 paid as revenue charges on borax imported by the company and used in curing meats for foreign shipment. The point is made that the borax was not used for home consumption.

### Milling Property Burned.

Tucson, A. T., June 19.—News has been received here of the destruction by fire of the entire plant of the Commonwealth Mining company, at Pierce, A. T. The mills and hoist and the timbering in the main shaft were a total loss. The fire caught from oil which was used from fuel. The loss is a half million dollars.

### Peru Recognized.

Lima, Peru, June 19.—The Peruvian government has recognized George W. Chase as consul of the United States at Salaverry.

## NOT IN A STATE OF WAR

Chinese Empire and United States Are Nominally at Peace.

ONLY ONE REGIMENT SENT THERE.

The Attention of European Statesmen Is Anxiously Fixed Upon the Condition of the Legations at Peking

Washington, June 19.—Adjutant General Corbin declared positively that up to date only one regiment, the Ninth Infantry, had been ordered from Manila to China. In addition to the Oregon, which is to go up Taku from Hongkong, the Buffalo, with 300 green landsmen aboard, has been ordered at once from Southampton, England, to the Philippines, while the gunboats Princeton and Marietta, which are admirably suited to service in the Pel-Ho river above Taku, have been held at Cavite under orders to be ready for service at any moment. A significant fact in this connection is that the official view here is still that there is not yet a state of war between China and the United States.

London, June 19.—Judging from the German official dispatches, the American ships took no part in the bombardment of the Taku forts Sunday.

No news has yet been received here of the relief of the legations at Peking and Europe's attention is centered far less on the overwhelming display of naval force at Taku than on the fate of the diplomatic staffs and 600 cosmopolitan residents guarded by a handful of international marines within the legation compounds. There has been no news from there since June 14. Rumors that Japan will, as the mandatory of the powers, restore order in China, was received in a dispatch from Yokohama.

Berlin dispatches intimate that Germany will not object to Japan sending 18,000 troops while Great Britain will endorse the plan with avidity, though perhaps only secretly.

The Japanese legation in London has official information of the dispatch of 3,000 troops. In the meanwhile the British are dispatching six native regiments, besides artillery, from India. The revolt is spreading in western China. The representative of Pritchard Morgan, M. P., at Cheng-Tu, wires that he and his party have been detained there owing to news that the revolution had broken out in Szechuan, which adjoins the province of Yunnan also in revolt, and official news comes that London missionary society's premises at Tsao-Shih, central China, northwest of Han Kow, have been destroyed by a mob.

The rising seems to be spreading with rapidity and shows unexpected organization among the anti-foreign elements.

The missionaries at Tsao-Shih escaped and reached Han Kow safely.

Cable dispatches from Shanghai report that a number of Chinese cruisers are anchored in sight of the foreign foreign settlements, which are only guarded by a small Japanese gunboat. A thousand Chinese troops, with two 49 ton guns still hold the forts outside the town.

The viceroy of Woo Sung is reported to have assured the consuls that the foreign settlements at Shanghai will not be attacked.

### German Consul Reports.

Berlin, June 19.—The German consul at Chee Fu telegraphs that a Japanese torpedo boat from Taku has brought the following:

"The Chinese laid torpedoes on the Taku river and collected troops from Shan Hei Kwan. The foreign commanders assembled on the Russian flagship and addressed an ultimatum to the commanders of the Taku forts, summoning them to withdraw their troops before 2 o'clock June 17. At 1 a. m. June 17 the guns of the forts opened fire, to which the Russian, British, French and Japanese warships replied. The bombardment lasted seven hours. The British ships in the river between the forts are reported to have been sunk. The telegraph line and railroad between Tien Tsin and Taku were destroyed. Communication by water is also threatened."

### Russian Troops Sent to Taku.

Washington, June 19.—Secretary of State Hay has been notified by the Russian embassy here that 4,000 Russian troops have been dispatched from Port Arthur to Taku.

### Young Couple Killed.

Galesburg, Ill., June 19.—Otis Fox, a Knox college student and Miss Nina Williams, a young lady prominent in society were run down by a train and killed while driving across the railroad.

### DEMOCRATIC TICKET.

FOR CONGRESS,  
J. N. KEOHE, of Mason County.

The Ledger refers to Harper's Weekly as "an influential independent journal," and quotes what it says about Taylor, "Kentucky's monumental coward." Harper's Weekly may have been "independent" "once upon a time," but of late years it's as partisan as most of 'em ever get to be.

Mr. Taylor should not fail to make a speech in Philadelphia on the "purity of the ballot box," "civil liberty" and such. If there is a city in all the wide world where popular elections are a farce and where the most outrageous frauds are perpetuated it is right in the Republican "stronghold" of Philadelphia.

It is the misfortune of Kentucky Republicans not to command the respect of Southern Republicans or Northern Republicans, either; especially Northern Republicans.

Ex-Governor Bradley expressed the above sentiment to his fellow Republicans from Kentucky in a speech at Philadelphia Monday. That's an honest confession. But with such a disgraceful record for defiance of the law and resort to force and arms as they have made, how can Kentucky Republicans expect to gain the respect of Southern Republicans, Northern Republicans or anybody else?

The Aurora (Ind.) Gazette refers to Taylor as "Kentucky's monumental coward," and that's his correct measure. The Gazette enters a vigorous protest against Governor Mount's action in opening an asylum in that State for such as the fugitives from Kentucky. Here is what it says:

It is a lying pretext on the part of Taylor that he feared he would not have justice done him in the courts of Kentucky were he to return to that State for trial. It is justice he is afraid of. He knows he was a party to the murder of Gov. Goebel, and like all murderers, he shrinks from the awful crime he has committed. For a time he played the part of the bravado by declaring that he would never leave Kentucky, but would remain and face his accusers. But, how different his conduct. When he can no longer look to the assassins of the mountains to protect him, like a craven coward he flees from the scene of his crime and craves the protection of a narrow and weak-minded partisan, who to-day disgraces the office of Governor in the great State of Indiana. Taylor is the monumental coward of Kentucky.

### OIL PROSPECTORS

Quietly at Work in the Vicinity of Aberdeen.

The good people of our neighboring city of Aberdeen have the "oil fever" strong at present, all of which grows out of the fact that a party has been quietly at work several days obtaining leases on most of the land in that section.

The gentleman, whose name has not been learned, is keeping his movements very quiet, and it is not known whether he represents the Standard Oil people or not. He is stopping in Aberdeen, and drives out every day, taking a Notary Public or Justice of the Peace along to fix up the necessary legal documents.

## KENTUCKY CROPS.

Wheat Harvest in Progress—Tobacco and Corn All Right—Weekly Bulletin of Weather Bureau.

A week of showery weather, with the temperature slightly below normal. In the central and eastern portions the rainfall was generally not very heavy, but in the western portion enormous damage was caused by excessive rainfall. In many localities all crops were totally ruined, being flooded and washed out; the extent of this damage cannot be accurately estimated at present. In localities where the crops were not destroyed the wheat was badly injured by being broken down and soaked; the early fields already cut are spoiling in the shock.

In the central and eastern portions a very different picture is presented to view. In some localities there was so much rain that it prevented cultivation of crops, and the weeds are getting a dangerous start; but, generally, crops of all kinds are in excellent condition. In most places there was just rain enough to keep everything in good, growing condition. Tobacco has made a splendid start. Corn is growing rapidly. Wheat is ripening and, with favorable weather, a large portion of it will be harvested this week. Oats, grass and clover show great improvement. Gardens are in splendid condition. Apples are reported to be dropping, but other fruits are very promising. Warm, dry weather is now needed for the best results. Louisville, June 19.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

### DELIGHTFUL ENTERTAINMENT.

The Concert at the Christian Church Last Evening Enjoyed by a Large Audience—The Program.

The concert given by Miss Lida Berry and Prof. Bullett, assisted by the Maysville Orchestra and by pupils of Mr. Bullett, at the Christian Church last evening was enjoyed by a large and cultured audience and was a most delightful affair throughout. The orchestral numbers were especially fine. Prof. Bullett has given Maysville an orchestra that ranks among the very best. That the people appreciate the fine music of this orchestra was evident from the applause at the close of each of the selections. The work of Miss Berry, the accomplished pianist, as accompanist went far to make the entertainment the decided success it proved to be.

Prof. Bullett's pupils on the violin acquitted themselves very creditably. This was especially true of Miss Virginia Wetzel, Miss Stella Archdeacon, Miss Edna Bendel, Master Louis Schatzman and Mr. Langhorne Hall.

The vocal solos by Miss Florence Hays and Dr. Smoot gave variety to the program and were very sweetly rendered and greatly enjoyed.

Probably no number on the program was more inspiring and more thoroughly enjoyed than the trombone solo, "The Holy City," rendered by Mr. D. A. Ellis, with orchestral accompaniment.

Following was the program:

### CREMATED

Was a Large Rattlesnake Received Here Tuesday From Marietta, O.

Among the freight received at the wharf Tuesday was a box from Marietta, O., billed to Mr. William Yellman of this city.

A glance revealed a huge rattlesnake, and Capt. Phister notified Mr. Yellmann of the arrival of the box and contents. His snakeship was the possessor of eight rattles and a button, and was an ugly-looking customer.

Mr. Yellman was not hankering for a "pet" of that sort, and refused to receive the box.

Capt. Phister realizing the dangerous character of such a reptile, sought a plan to dispose of it. Cremation was decided on and the box was carried to the ferry-boat Laurance, dumped into the furnace, the door was closed, and Mr. Snake was reduced to smoke and ashes in short order.
